

Map SharedSpace on MacOS

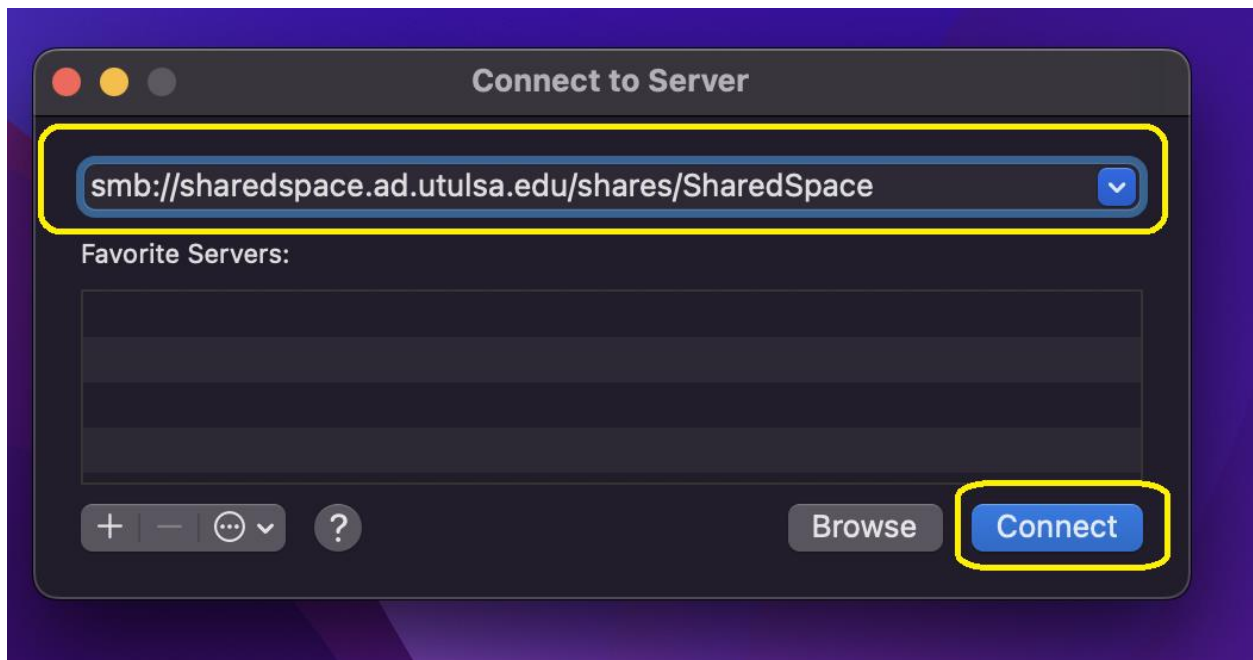

1. From the Finder menu, select **Go > Connect to Server...**

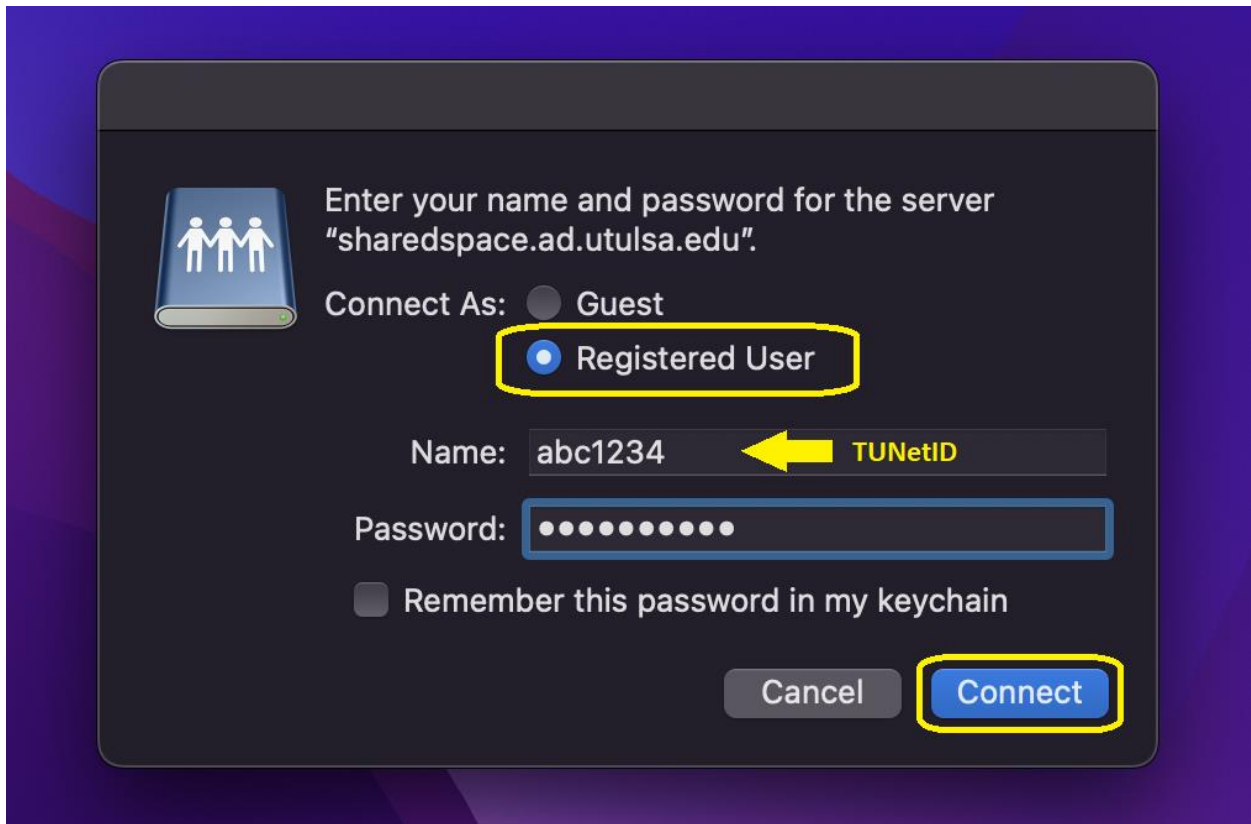

2. In the server address box, enter **smb://sharedspace.ad.utulsa.edu/shares/SharedSpace**

**Note: The address is case-sensitive so enter exactly as shown.*

Select the **Connect** button

- When prompted for credentials, select **Registered User** and enter your **TUNetID** and **TU password**. Select the **Connect** button

- Once mapped, a new Finder window will open showing the SharedSpace folders.
